WWW.GLOBALINTERNSHIPS.COM

Gain real-world, practical experience in a business setting while experiencing a new culture. Apply today to further your personal and professional development!

Program Overview

Intrax is dedicated to fostering international understanding. We work tirelessly to inspire personal growth, build bridges of understanding, and shape the world through person-to-person citizen diplomacy.

Our participants:

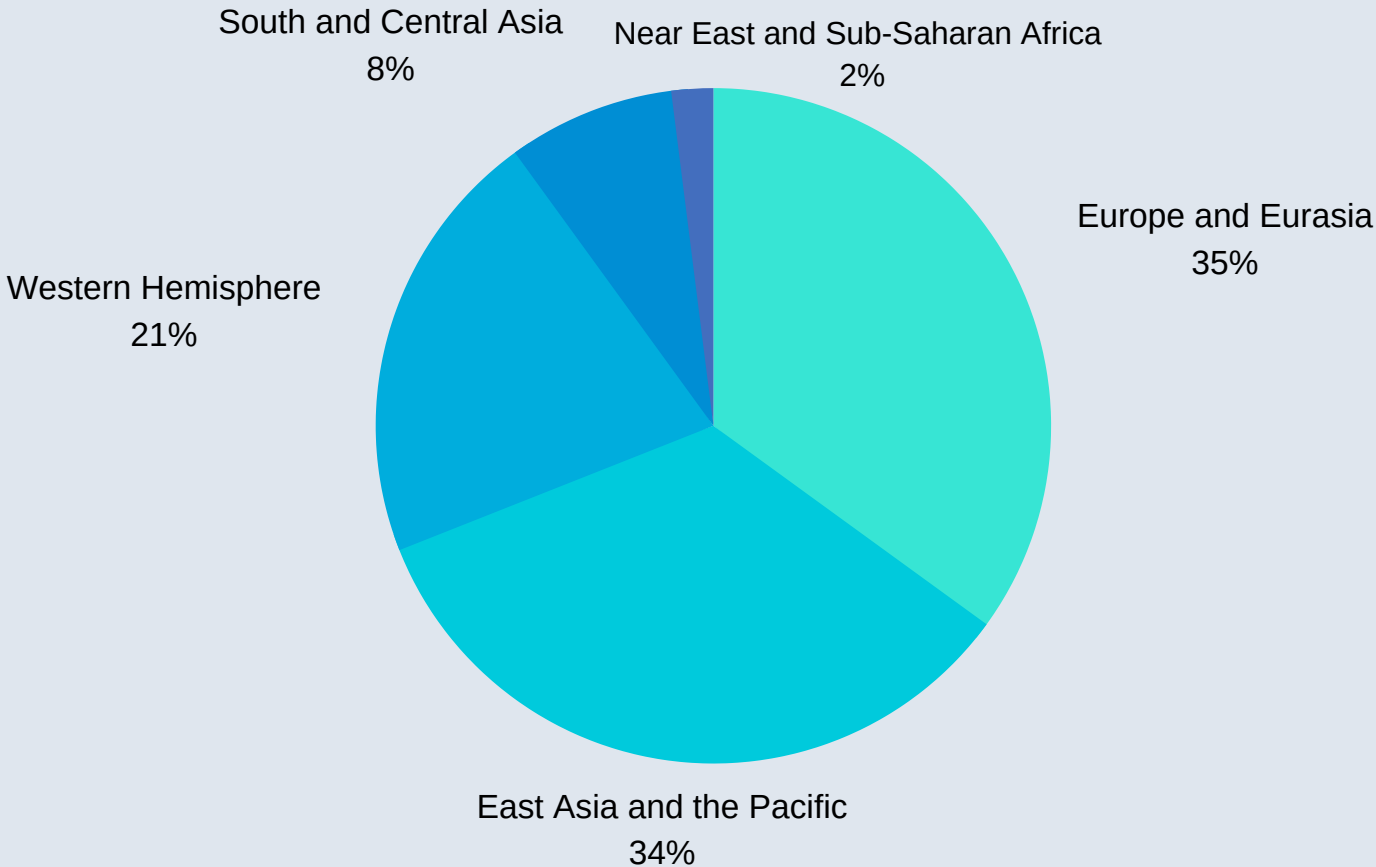

- Acquire international business experience and increased cultural understanding.
- Intern or train with host organizations ranging from small, high-tech start-ups to large multi-nationals.
- Are current students or recent graduates or have at least one to five years of work experience in their field of study.
- Obtain experience in fields related to their future career ambitions.
- Come through privately funded programs which are paid for either by the participant or host organization

Key Program Statistics

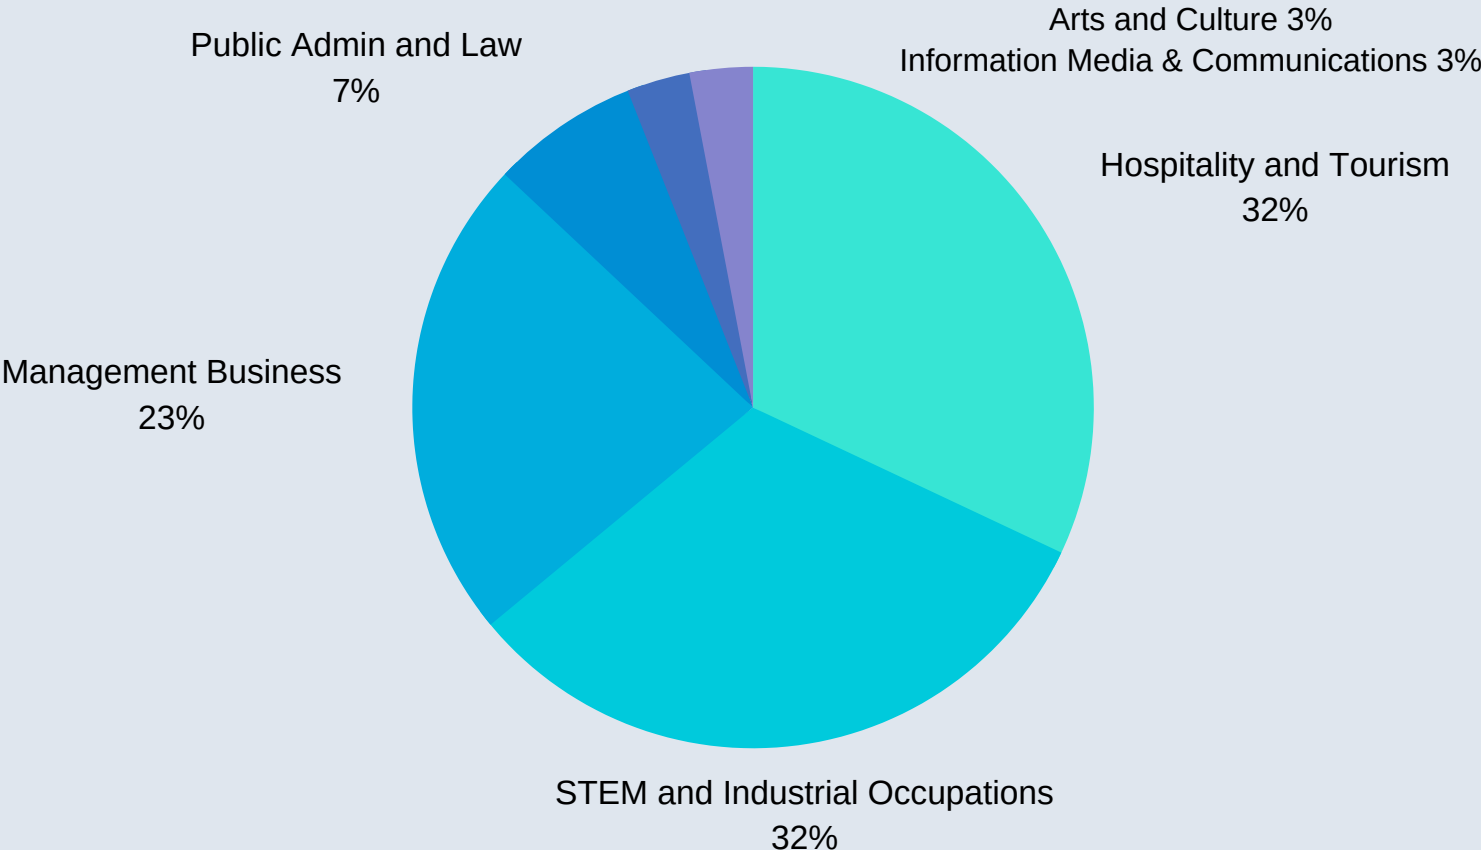

In 2019, Intrax sponsored 3,097 Exchange Visitors from 94 countries and regions. Out of 2019 alumni survey respondents:

- 95% reported a positive or very positive overall experience.
- 95% rated their host organization experience as very good or excellent.
- A majority of participants reported a more positive view of the United States upon completing their program.
- 81% reported they had frequent opportunities for cross-cultural experiences.
- 97% stated they plan on keeping in touch with new American friends.
- 72% reported improving their English language skills throughout their participation.

It gave me the possibility to learn more the American culture, to improve my skills, to learn different aspect of architecture and to meet amazing people.

Build your personal brand

Participating in an internship or trainee program is a life-changing experience. Intrax is there to support our participants every step of the way - from pre-arrival to on program.

Terrific experience allowing me to go to a different country and experience life as a local. I did work in my field of study and made connections with industry professionals.

It's a good way to improve your skills, language, career, and know different cultures, because in the USA you will find people from all around the world, and you can learn a little bit extra from other countries.

This program has made my internship experience very smooth. It has allowed me to grow in terms of technical expertise and communication abilities. It has also allowed me exposure to American culture.

This program was extremely beneficial to me. Learning about the U.S., its culture and work ethics has made me more aware of its people and bridged the gap between Canadians and Americans from my perspective.
