

## **Evaluation Service, Inc. – offering foreign academic educational evaluations for all your immigration processing needs.**

**Free pre-screen reviews of your client's educational documents.**

### **Operational Profile**

**Evaluation Service, Inc.** is an educational evaluation company established in the State of New York in 1990. Headquartered in Chicago, IL since 2008, its principal functions are the **evaluation of foreign academic credentials in terms of United States equivalents** and providing consultative services on foreign educational systems.

Equivalency reports prepared by the service state a judgment on study completed outside of the U.S. A professional interpretation of foreign academic records in terms of United States equivalents such as ours, enable persons educated abroad to gain access to education, employment and professional certification in the United States.

We prepare reports for U.S. educational institutions, professional organizations, public and private agencies and organizations, as well as the legal profession for immigration purposes.

---

#### Evaluation Policy:

The service relies on its library resources and achieves of sample evaluations in preparing equivalency reports. In addition, contact with professional in the United States and foreign countries enable the service to keep source-materials current. Subscriptions to publications (electronic and hard-copy) in the field of international and comparative education are kept up to date and library resources are supplemented as new materials become available.

Equivalency statements reflected in the reports derive from commonly accepted standards in the international and comparative education community, including the **AACRAO EDGE Profile**.\* Both domestic and foreign publications are utilized in forming a judgment. Evaluation policy is developed in consultation with other experts in the field of foreign credential evaluation.

The service is overseen by a director who has primary responsibility for all functions of the service.
