

Tracker eMerge

DIGITAL CASE ASSEMBLY SOLUTION

Legal teams use Tracker eMerge to streamline petition assembly, review, and rendering.

Let's work smarter

Tracker eMerge Digital Case Assembly Solution automates and digitizes the resource-intensive tasks of petition assembly, review, and digital rendering. Equipped with customizable Questionnaires, Document Checklists, and Merge Documents, Tracker eMerge is the ultimate tool for paralegals and attorneys looking to streamline petition casework – especially now when it's so important to generate work product remotely.

Key features

- Automate digital case assembly, review, and rendering.
- Leverage customizable Questionnaires, Document Checklists, and Merge Documents.
- Enable this new feature across your organization for easy use by all paralegals and attorneys.

We look forward to supporting your journey with Tracker eMerge, our digital case assembly solution.
