

Real-time Immigration & Tax Assessments

The fast and cost-effective way to keep your traveling workforce and company safe with visa and tax rules.

Most business travelers are flying by the seat of their pants when traveling to other countries. Unaware of the myriad immigration laws, they run the risk of being stopped at the border, fined and even deported. Permiso delivers instant, personalized immigration and tax assessments 24/7.

Maintained by Pearl Immigration lawyers, this expert system assesses an employee's travel plan and profile against country-specific immigration rules and immediately tells the traveler whether they are good to go, or need a consult.

“With thousands of assessments per year, Permiso gives me the peace of mind to keep our global employees crossing borders effortlessly and compliantly.”
